Honeywell Aerospace to release second quarter financial results and hold its investor conference call on Wednesday, August 5

PHOENIX, July 17, 2026 – Honeywell Aerospace (Nasdaq: HONA) will issue second quarter financial results after the closing of the Nasdaq Stock Market on Wednesday, August 5. The company will hold a conference call at 5:00 pm EDT.

Honeywell Technologies (Nasdaq: HON) announced that it will report second quarter results including the former Aerospace Technologies segment, which is now operating as Honeywell Aerospace, before the opening of the Nasdaq Stock Market on Thursday, July 23.

Honeywell Aerospace has traded as an independent, public company since June 29, 2026. Consistent with precedent spin-off transactions, its standalone financial results may differ from financial information reported for the former Honeywell Technologies segment due to the perimeter of the transaction, allocation of corporate costs, and treatment of intracompany transactions, among other items.

Additional information

A real-time audio webcast of the presentation can be accessed at investor.honeywellaerospace.com, where related materials will be posted prior to the presentation and a replay of the webcast will be available for 30 days following the presentation.
